## **Evaluation and Selection**

This Contest is intended to encourage creative approaches to quantum steampunk. Entries will be evaluated by a panel of judges who collectively bring to bear expertise from across writing and quantum science (“Judges”).

The Judges’ evaluations will consider the Submissions using the following criteria:

- (a) link to quantum physics,
- (b) steampunk style, and
- (c) conceptual and technical execution of storytelling.

Prescreening: Entries may be prescreened before judging to ensure they satisfy the entry guidelines and requirements.

Shortlisting: It is anticipated that up to fifteen (15) Submissions will be shortlisted. Authors of shortlisted Submissions will be notified via email and a list of shortlist entries will be posted on <https://qtd-hub.umd.edu/contest/> on or about March 16, 2023.

Winners: Category and Grand-Prize Winners will be selected by the Judges based on the selection criteria. Winners will be notified via email and a list of winning entries will be posted on <https://qtd-hub.umd.edu/contest/> on or about May 1, 2023.

Category Winners: Winners will be selected in one or more categories, which will be determined by the Judges in consultation with the Organizers.

Grand-Prize Winner: Judges will select a single Grand-Prize Winner from the shortlisted submissions.

People’s Choice: Public voting may be conducted for a People’s Choice award. Details will be announced after the shortlisted Submissions have been announced.

Category, Grand-Prize, and People’s Choice winners will receive awards in the form of a gift card, with a value between USD \$100 and \$1,500.

The Organizers reserve the right to select fewer than the stated number of awards if, in their sole discretion, they do not receive a sufficient number of eligible and qualified Submissions.
